

PRODUCT NOTE

Patterned Diffusers

P-Series Aesthetically-Patterned Diffusers

P-Series diffusers offer outstanding visual and aesthetic appeal with the same high performance as other Bright View products. Patterns can be applied to most Bright View products including general-purpose diffusers, ellipticals, and anti-glare diffusers. They are frequently used in architectural, office, hospitality, and decorative applications. Numerous patterns are in stock and unique custom patterns are available upon request.
